

eVerge Group Achieves Oracle PartnerNetwork Specialization for Education & Research Industry

Oracle Recognizes eVerge Group for Expertise in Providing ERP and School Performance Analytics Solutions for School Districts.

(Plano, Texas) – eVerge Group, a Platinum member of Oracle® PartnerNetwork (OPN), today announced it has achieved OPN Specialized status for the Education and Research Industry.

To achieve Specialized status, Oracle partners are required to meet a stringent set of requirements that are based on the needs and priorities of the customer and partner community. By achieving Specialized distinction, eVerge Group has been recognized by Oracle for its expertise in delivering services specifically for school districts through competency development, business results and proven success.

eVerge Group has been implementing ERP and BI systems for school districts since 2001 and has developed a School Performance Analytics solution which provides school districts with integrated information and analysis capabilities designed to improve student, teacher, school and district performance. “Delivering integrated performance-improving solutions for school districts has been a major focus for us for over 10 years,” according to eVerge Group president, Esteban Neely. “Achieving Specialized status in this industry is confirmation of the expertise and experience we bring when working with our school district clients.”
