

eVerge Group Selects Oracle Fusion HCM for Internal Human Resources and Payroll Applications

Internal Implementation Enhances Oracle Fusion HCM Insights and Expertise

Plano, Texas (January 12, 2012) – eVerge Group, a Platinum level member of Oracle PartnerNetwork (OPN) with nearly 20 years experience implementing HCM applications, has selected Oracle Fusion Human Capital Management (HCM) to manage its own human resources and payroll activities. According to eVerge Group president, Esteban Neely, “We are deploying Oracle Fusion HCM as a hosted, SaaS-based application and believe it will provide the functionality and flexibility we are looking for at a reasonable cost.”

By implementing Oracle Fusion HCM within the company, eVerge Group will gain an in-depth understanding of Oracle Fusion HCM capabilities, interfaces and reporting/analytics from both an implementer and customer perspective. As a result, eVerge Group will be one of the first to offer a rapid-deployment “Express” Oracle Fusion HCM solution that will enable customers to go live anywhere from eight to 26 weeks depending on the number of components implemented.

According to Neely, “We are very excited about Oracle Fusion HCM applications and believe our customers will be extremely impressed with the intuitive user interface, embedded analytics, integrated social capabilities and ability of Oracle Fusion HCM to co-exist with other Oracle ERP applications. With eVerge Group’s ‘Express’ solution, customers will be able to implement Oracle Fusion HCM in weeks.”

About eVerge Group

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle's products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners>.
